

Evaporative Cooler Pumps

Evaporative Cooler Pumps (up to 6500 CFM)

- For applications up to 6500 CFM
- Corrosion resistant steel one piece motor shaft
- Heavy duty fan cooled motor with moisture proof windings
- Snap-out base for easy cleaning
- Press on hose adapters
- Thermal overload protection
- Comes with 4' cord w/o plug
- Stepped discharge 1/2", 5/8" & 3/4"

HP	Max Flow Rate	Max Head	Discharge Elbow	Volts	Brand	Part Number
1/70	307 GPH @ 1'	9.5'	45°	115	Little Giant	540005 (CP6500)
1/70	307 GPH @ 1'	9.5'	45°	230	Little Giant	540015 (CP6500)

Evaporative Cooler Pumps (up to 10,000 CFM)

- For applications up to 10,000 CFM
- Corrosion resistant steel one piece motor shaft
- Heavy duty fan cooled motor with moisture proof windings
- Snap-out base for easy cleaning
- Press on hose adapters
- Thermal overload protection
- Comes with 4' cord w/o plug
- Stepped discharge 5/8" & 3/4"

HP	Max Flow Rate	Max Head	Discharge Elbow	Volts	Brand	Part Number
1/50	502 GPH @ 1'	11'	90°	115	Little Giant	541005 (CP10000)
1/50	500 GPH @ 1'	11'	90°	230	Little Giant	541015 (CP10000)

Evaporative Cooler Pumps (excess of 11,000 CFM)

- For applications in excess of 11,000 CFM
- Corrosion resistant steel one piece motor shaft
- Heavy duty fan cooled motor with moisture proof windings
- Snap-out base for easy cleaning
- Press on hose adapters
- Thermal overload protection
- Comes with 4' cord w/o plug
- Stepped discharge 5/8" & 3/4"

HP	Max Flow Rate	Max Head	Discharge Elbow	Volts	Brand	Part Number
1/30	600 GPH @ 1'	12'	90°	115	Little Giant	542005 (CP15000)
1/30	600 GPH @ 1'	12'	90°	230	Little Giant	542015 (CP15000)

Float Valve with 1/4" Compression Fittings	Little Giant	599085 (FV-2)

CoolPad® Evaporator Pad

- Clean, uniform cooling removes pollens, dust and dirt; excellent for allergy sufferers
- Not messy; will not shred or clog your pump
- Will not shrink, sag or develop "hot spots" due to bonded construction
- Last longer than other pads
- Fungus resistant additive that inhibits rotting
- Easy to cut for a perfect fit
